¹ Field leaders are the 10 institutions with the most research space in a given field.

² Includes all research-performing HBCUs, including the 29 original HBCUs that have been surveyed since 1988.

³ Institutions where at least 25 percent of the undergraduate full-time equivalent enrollment is Hispanic.

* Includes stand-alone medical schools.

KEY: AAMC = Association of American Medical Colleges

HBCUs = Historically Black Colleges and Universities

N/A = Not applicable

NOTES: Components may not add to totals due to rounding.

Figures are based on only those institutions with research space in a given field.

The values for leased space do not include any imputed data for survey nonrespondents.
